CROSSROADS

COLLABORATION
GREENSBURG - INDIANA

NOON | SATURDAY, OCTOBER 7, 2023

HELD AT STEWART SELECT ANGUS IN GREENSBURG, IN

FEATURING BREED-LEADING GENETICS FROM THREE FAMILY-OWNED PROGRAMS!

- Proven Donors • Spring Cow/Calf Pairs • Spring Bred Heifers
- Fancy Open Heifers • Fall Cow/Calf Pairs

Welcome

Cattle Friends,

What an exciting time to be in the cattle business. Cow calf producers are finally getting well rewarded for their investment in high quality genetics that perform year in and year out. If you have purchased from any of our programs in the past, you know that our cattle give you that added boost to your calf crop. The cattle herd does not seem to be expanding with some areas of the country still experiencing moderate drought. We all hope to keep seeing these prices for the next few years.

We had a great sale last year and sold many cattle to former customers but had several new customers that have seen good results from our breeding stock. All three of us have used top of the line AI sires to breed these females. There are truly females in this sale for every range of buyer from progressive purebred breeders to maternally focused commercial cattle producers to carcass-oriented cattlemen and cattlemen. We also have price ranges for all types of buyers. Half of the lots last year were sold for \$3,000 or less.

We welcome each of you to visit us on October 7th for our sale. Cattle will be available to view starting on Friday morning before the sale in Greensburg. You can contact any of us to view the cattle before that time. We will have a lunch on the day of the sale. We thank you for taking the time to study our offering and hope you can find a female or two that will help you achieve the goals of your operation and take your herd to the next level. We thank you for having an interest in the Crossroads Collaboration.

Sincerely,
Andrew Stewart
